Diagram of a light source assembly 800. The assembly includes a light source 802 (labeled S1) and a lens 803. A light beam 806 is emitted from the light source 802 through the lens 803. The beam 806 is directed towards a target area 804 (labeled SI'). A sensor 808 (labeled SA') is positioned to detect the beam 806. A dashed line 806 indicates the path of the beam.
